

## Data Request Occupation Mapping Guide

Many professions have multiple names and/or are included in broader clusters of professions among the different health workforce data holdings. Detailed instructions on how to submit a data request can be found within the complete data catalogue available for download on our website. Use this guide to help select your search terms within the data catalogue tool or during your data request process with the Canadian Institute for Health Information (CIHI) and Statistics Canada.

Search Term	CIHI	Statistics Canada
